

I'VE GOT THE POWER2GO

Your Mobile Power Station

NO SOCKET? NO PROBLEM!

For our smartphones, we often reach for the power bank in our private lives. But what if more power is needed? Let's think bigger! **POWER2GO** is designed for demanding users. The dustproof and waterproof **POWER2GO** energy storage system is also a robust companion for all occasions.

Is it heavy to carry? Not at all!

Can you carry it single-handedly? Absolutely!

POWER2GO impresses with its extremely high power density and weighs only 23 kg! It replaces your stationary power connection. Devices with up to 3,600 W peak power can be easily operated with **POWER2GO**.

Consistent, long-term power output of 2,500 W.

All of this is offered by **POWER2GO**, your reliable power network on the go.

Your advantages:

- IP 65
- Rechargeable with solar cells
- High available energy capacity – 2.5 kWh
- Long operating time between charging cycle
- Fully charged in 2.5 hours
- Low noise

Operating time*

	10W	15.000 min
	65W	2.280 min
	420W	360 min
	800W	200 min
	1.000W	150 min
	1.200W	124 min
	1.200W	125 min
	2.200W	70 min
